Year

2012 completion

KAL provided conceptual re-design, detailed design, tendering and contract administration services for the re-development of this former Sioux Lookout landmark. Located in the heart of Sioux Lookout, the facility provides state-of-the-art leasable office and retail space in addition to housing a unique multi-purpose youth centre. The project redevelopment incorporates the following design characteristics:

- 4 renovated floor levels totaling approximately 21,271 ft²
- New linking exit stair and laneway entry.
- Barrier-free compliant entry, public lobby and main floor level access
- New elevator access to all floor levels
- New interior and exterior finishes throughout
- New energy-efficient mechanical, electrical and plumbing systems
- Barrier-free public washrooms
- Fully renovated commercial suites with unique street and city views.
- Building mechanical, data, and electrical rooms
- Fully-equipped recording studio for youth and arts programming and live performances.
